Description:

The YOU MATTER Curriculum was written for and in collaboration with K-12 teachers, administrators, and students to create an experiential, action-oriented program that focuses on empowering kids to get involved in making a difference in the world. KIDS MATTER. They have an unbridled ability to influence positive change from a peer-level to a city-level and beyond. We just need to provide the foundation upon which they can grow. Therefore, we created a hands-on, service-learning curriculum that involves all of the required standards and specifically creates awareness, generates change and results, and actively empowers kids to become the natural-born social leaders they already are
